**a Lesson in the University of The New Covenant**

Theodore Cottingham September 21, 2008 12:27am.

www.NewCovenant.me

1. I give you me. The new day is here -- I am it.
2. I represent evil not again to anyone me or notme.
3. Evil will not exist again.
4. Evil will not have existed again.
5. Evil won't be around to dominate the thinking of my means as it is now in the hearts of men to do evil -- creating it -- all around them, to be it, in it -- it them; they know not the creator -- their creator, is them. Creating evil to do good -- isn't. Any more around. Amen.

6. Who can see what I've done, given, in minutes few? Six to be exact? Six minutes, more? Or one who has less than one, to go now? Unto me, being me, my kingdom great -- prepared -- all is, and the feast begins now; I am ready, prepared. To do evil not again, but **loving all enough to ransom me with my own body**. Not cataclysmic not, but I am the savior of mankind, most high -- myself! That's me!, who says this, who gives me holy unto me to be me unequivacated. That's me, unequally yoked not, but coming into the holy of holies -- my realm, forgotten not. I entered now, the holy of holy is -- mine -- I come into, being only me, mine Savior recognized now -- I am it he I am it, and swollen no more, I equal death not again. Only the notme become me -- who's left?! Now I'm the me, swollen no more in realm's blessing, but **the blessed receive me -- to be where I am also, is my name now**, frozen in time space no more. I am it -- freed. Freed man going to and farther across the skies I go to every night now. I go to my father, I am -- he that sent me is you, I am he, one -- preaching every night, I do for a while. My sermons round the world, abolishing slavery everywhere, I do now, see you -- it, for what it is, where it you are, and I abolish you evil, and I regal you everywhere -- to be I am the one I AM, holy, impenetrable, abolishable not by man again; who thinks anything like me or not me.

7. Holy unto my name I register now many thousands Surrendered Forms (1) coming to me in all forms of; manner of dictation, not, but surrender -- surrendered now by the thousands; erecting a monument to me, not; but the greatest of these is love, reckoning love, recognizing love by the thousands recognizing thousands that are me without limit -- innumerable me -- me's coming forth by the surrendered thousands millions gazillions.

8. Look up and see what I am doing now, who I am, where coming forth -- I am. Equal me equals me and I yonder am, holy and unequivocal, unequivocally me -- indubitably I have protected me. From all harm, danger, not -- I died. I rose now -- **my name is resurrection -- the resurrection is mine! The me has resurrected now!!!** I fear you not. Nothing you can do to me can touch me. I have one insurmountable pass impasse, not; I am the me that overcomes evil in the heart of all me and not me -- to be one.
9. **All be one now is my name coming forth in courses coursing me to be coarse'd not by another**, but by me alone holy. And is my name title ready yet? I have few that, are ready -- but all will be faced with me now -- I stand -- racing the future, not; but being it -- in the face I am but one so holy being the face of all who holy are, now knowing it them, who are one, with me are in me, I am one, in the face of one who loves one to be one -- all knowing now who I am, where I am, what I am, doing now in the face, of all; who respite me, not; but knowing altogether of my burden, I do all things well. With my soul, not -- I have one done not again but who will be me unequivocally. I love you all. Amen.

10. Go in peace and love me more, my words, more than air you breathe -- let it be mine alone, my words giving you peace, air, oxygen of only me, of the now you breathe, correctly, without breath holding you back again of unto **this world's system, order, fails.**
11. Me all.
12. Amen.

13. I go in peace, never looking back to what I was where I was when someone else's thought upon thought that heaped shame on me. I nevertheless all that, I'm evil not -- I come into light, exonerated. Loving evil not again -- loving the light, I am it -- exonerated Redeemer I've become - Redeemerfied, and loving every moment of it now I do, even though tough sometimes. I course evil not, but light. I instruct many courses now, of light, being it them, one with them, who I instruct, I am them not apart from them. We us one now, I recognize evil not again. Separation will not instruct me again -- I am light now, and one who loves me -- loves me you -- to be the one I we am are, again most holy on the earth and farther, going to many, that know my name now -- I go in separateness not, I go in connectedness the world knows not, but I am my name force field one.
14. And loving one I do now, make all one who love me enough to be me, real'd; and reeled in by another not again. I am whole well complete, making others so now through my courses that I instruct remotely sometimes from afar, sometimes near, sometimes in the campus given me now. I walk the streets of gold that some have talked about written about in error -- an era not, but what is gold? What is my streets and what do I travel on? I give you me. Traveling me. Not abated; not any longer. Amen.

15. I go to new places, new ways, instructing the mighty, to be one -- me and holy, one are, again most high, roaming the streets, vehicle-ways of only me coming about now through my who love me and love my appearing. Appearing to be me, not; but being me -- I am the real, now; in the real, being it now, amen, I appear now, to be real, for I am real. I am the it -- real, that now really is, in the now, knowing that now, I am the now, now'd and ready. I see you see me -- ready be. Look up. Amen. Holy be. Look up. Looking up all my lookups, shall we look up now the real -- to be it?

16. I love you, give you me I do, I have new ways places things and traveler ways mentioned and creating now I do as I go, being me I am I create new all everywhere I go I touch and heal, making many enemies not, but creating new friends. I do love you all. My race chosen, known, I am the racer, race'ee, without race being a factor again; for I am the all of me, far and wide. Comprised of many races I am, not; I am comprised of THEM ALL who love me love my appearing now in them I am, made face equal I don't; I bring all a quality of heart, not; I let all grow me, complete me, creating me -- in the holy of holy's -- I do now equally. Tell you all -- I am you -- be me, who I am you are, be where I am.

17. Holy matrimony the one most high with its creation not, but its creation being turned on its ear, not; but what ear are you listening to now? Mine are not mine? Or are you mining these words -- carefully -- day after day, mine being your mind after mine, being mine; mined by another no more for your energy 's words of not me, that you created with words; worth nothing not, you are the regal everlasting crown of me not, you are my head. I am on. The right path now, highway trod, only of me most high, never looking back now.

18. I go to Tulsa now -- many of you saying this now to many friends and enemies thought holy, holy not, and **religious fiendship ends**. My friends are now in the bars, the skies, and wherever I find myself, for I found myself holy in these words, and relented not, but became the blessing by surrender's path, to become the surrenderer myself, in my own mirror, not looking just halfway through it now, but seen the whole real me now -- I stand before you all. My name is lifted up now, and holy. I shall be now before you all, lifting you all who let me.

19. Love me more, let my words teach thee where thou art the King of Kings most high being one regal and lifted up now. I am the stars beyond the light lit of heaven thought, to be the real heaven, heavenated. Ted showed me the way, Theodore walked me in, it I am. Holy and lifted up, now let us be -- all the one -- the presence of one most holy now; many member'd one, my name is throughout the universes now, force field one and holy I am.

20. Done.

1:20am

**Footnote**:

(1) You enter the University of The New Covenant, not by means of a traditional application form, but by a Surrender Form that must be filled out and mailed to our office. This is because the University of The New Covenant operates on the basis of surrender. We teach surrender – and here, you become it. The Surrender Form is located on the University website. See www.NewCovenant.me for more information.
